

Songs of Summer

“A Song of Worship”

June 19, 2022 // Ryan Suzuki, Associate Pastor

INTRODUCTION

As church attendance has declined in the US over the years, and especially during COVID, we are reminded over and over again from the scriptures that we are intended to gather together to worship God. It happened in the Old Testament with the Israelites coming to worship God together. Jesus inaugurated the church, a word that means gathering, the community of believers that would worship Him. Today, we will look at a Psalm that reminds us of the goodness of coming together to worship God and will be encouraged as we seek to be faithful to the Lord as we follow Him.

DISCUSSION QUESTIONS

1. **Read Psalm 122.** What in this Psalm resonates with you?
2. What has being part of a worship service meant to you? How has the community of God, the church, changed you and made you more like Jesus?
3. How has going to worship services fueled your love for God? What are some of the most memorable things you have learned in and through a worship service?
4. How has being able to regather in person reminded you of the importance of being together? What are the benefits of being together in worship?
5. How has your view of worship changed throughout your life?

PRAYER: Spend some time together worshipping God in prayer. Thank Him for His faithfulness in your life. Recommit to a life of worship. Remember and praise Him for all that He has done for you.
